Larry Stevens, an accomplished NJ-NY singer-songwriter, has spent the last decade in the NY metro area and in Nashville, TN, performing and writing with some of the world's best songwriters and musicians. Most recently, Stevens had the honor of sharing the stage with **Huey Lewis & The News**, **Kenny Loggins**, **Todd Rundgren**, and **Foreigner** at the **Bergen Performing Arts Center** in Englewood NJ and showcased at the famed, **Iridium Nightclub**, in NYC.

Others, may recognize Larry from his upbeat and energetic performances opening for **Peter Dinklage** and the **Doobie Brothers** or at one of his many rockin' shows at the world famous **Bluebird Café** in **Nashville, TN**. In addition to these credits, Stevens has had the pleasure of performing for our wounded warriors at **Walter Reed Medical Center** and at the **Friar's Club** in NYC, as one of its inductees. Currently, Stevens is touring the Northeast performing cover songs (**Van Morrison**, **Jack Johnson**, **Beatles**, **John Mayer**) and original material off his two CDs, "**Heart of a Fighter**" and "**Downstairs at Mayo's**", as well as songs off his new CD, "**Mercer Street**", which just has been released in June/July

2011. Fans may have heard some of his original songs or Larry's interview/playing live on 89.1FM and WOR 710 AM on the Joey Reynolds show. In other media news, Stevens and his CD were mentioned in **Cindy Adams' NY Post column** last year.

I've seen Larry perform on many occasions. It's always a great show – full of energy, and the music is awesome! His original songs are fantastic... and when he does covers they sound better than the original versions. Great stuff!
